PART 903—DELEGATIONS OF AUTHORITY

[Directive 28, as Amended Dec. 4, 1944]

INTERNAL COMBUSTION ENGINES AND GENERATOR SETS FOR FARMERS

Pursuant to authority vested in me by Executive Order No. 9024 of January 16, 1942; Executive Order No. 9125 of April 7, 1942, and War Production Board Regulation No. 1 as amended March 24, 1943, and in order to facilitate the distribution of internal combustion engines, rated at not more than twenty (20) h. p., and engine driven generator sets, for use in essential agricultural needs, it is hereby ordered:

§ 903.140 Directive 28. (a) Subject to the provisions of paragraph (b), the War Food Administrator is hereby authorized to assign preference ratings to farmers, and to persons operating farm equipment on farms for hire, to enable them to procure engines and engine driven generator sets for essential agricultural needs.

(b) The War Food Administrator in exercising the authority delegated in paragraph (a) above will comply with such conditions as may be prescribed from time to time by written memorandum from the Program Vice-Chairman in respect to the following matters:

(1) The level of preference rating assignable pursuant to paragraph (a).

(2) The uses for which such ratings are assigned.

(3) The form of the instruments by which such ratings are assigned.

(4) The total quantity of internal combustion engines, rated at not more than twenty (20) h. p., and engine driven generator sets for which ratings may be so assigned.

(5) The period of time during which ratings may be so assigned.

(c) The War Food Administrator is authorized to inspect the books, records and other writings of producers, distributors and dealers to determine their compliance with Priorities Regulations and orders insofar as preference ratings assigned under the authority of this directive are concerned.

(d) The War Food Administrator may exercise the authority delegated in this Directive through such officials, including the United States Department of Agriculture County Agricultural Conservation Committees, as he may determine.

(e) Nothing herein shall be construed to limit or modify any order heretofore issued by the Director of Priorities of the Office of Production Management, by the Director of Industry Operations of the War Production Board, by the Director General for Operations of the War Production Board, or by the War Food Administrator the power to extend, amend or modify any such order.

(f) For the purpose of this directive:

(1) "Engine" means any internal combustion air-cooled or liquid-cooled gasoline or kerosene driven engine, rated at not more than twenty (20) h. p. This directive does not cover engines above 20 h. p. nor Diesel engines.

(2) "Engine driven generator set" means any combination of an electric generator powered by an internal combustion engine to produce electricity, the engine to be rated at not more than 20 h. p.

(3) "Farmer" means a person who engages in farming by raising crops, livestock, bees or poultry, and persons operating farm equipment on farms for hire. It does not include a person who raises agricultural products entirely for his own use.

(4) "Producer" means any individual, partnership, association, corporation or other form of business enterprise engaged in the manufacture or assembly of engines or engine driven generator sets.

(5) "Distributor" or "dealer" means any person engaged in the business of selling engines or engine driven generator sets to farmers or other consumers.

[General Preference Order M-156,

PART 3290—TEXTILE, CLOTHING AND LEATHER

[General Preference Order M-37-d,
Direction 1]

The following direction is issued pursuant to General Preference Order M-37-d.

Beginning January 1, 1945, and continuing thereafter as long as this direction remains in effect:

1. No person shall order, purchase or accept from all sources for delivery in any one calendar month an amount of reserved domestic yarn in excess of the equivalent of 82% of his current monthly eligibility.

2. No producer or fabric converter shall make delivery of any reserved domestic yarn to any person which he knows or has reason to believe will result in the receipt by such person in that calendar month of an amount of reserved domestic yarn in excess of the equivalent of 82% of the recipient's current monthly eligibility.

For example: A person, whose current monthly eligibility assigned to him or estab-

lished for him by War Production Board letter is 850 pounds, may receive only 82% of it, that is, 697 pounds per month.

A person, whose basic monthly poundage is 1000 pounds and whose current monthly eligibility is computed under paragraph (c) (10) (1) of Order M-37-d, has a current monthly eligibility of 850 pounds (basic monthly poundage multiplied by 85%—the current factor). He may receive only 82% of his current monthly eligibility, that is, 697 pounds per month.

In other words, to calculate the amount of reserved domestic yarn which a person may receive monthly after January 1, 1945, the figure 82% must be applied to his current monthly eligibility—and not to his basic monthly poundage.

Issued this 6th day of December 1944.

1. GUM ROSIN

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 561 is amended in the following respects:

1. Section 5 (c) (2) is amended by changing the date "October 20, 1944" to "January 15, 1945".

2. Section 5 (c) (2) (iv) is added to read as follows:

(iv) Before making the first sale of gum rosin to a given class of purchasers, the maximum price for which is determined under section 11 (b) (4) by reference to the maximum price of the seller's closest competitor, the seller shall file with the Chemicals and Drugs Branch, Office of Price Administration, Washington 25, D. C., a supplemental report describing the sale, and stating the seller's maximum price and how he determined it, including the name and address of the seller used as closest competitor.

*Copies may be obtained from the Office of Price Administration.
*9 F.R. 11635, 12412.

3. Section 11 (a) is amended to read as follows:

(a) *Sales on the Savannah, Georgia, cotton and Naval stores exchange of gum rosin wherever located and in any kind of container.* Maximum prices for sales on the Savannah, Georgia, cotton and Naval stores exchange of gum rosin wherever located and in any kind of container shall be:

Grade:	Per 100 pounds net
X	6.55
VW	6.55
WG	6.28
N	6.03
M	5.87
K	5.85
I	5.81
H	5.81
G	5.79
F	5.75
E	5.63
D	5.12
B	5.05

4. The following sentences are added to the introductory paragraph of section 11 (b): "On and after January 15, 1945 these maximum prices will apply only if you have filed the report and supplemental reports, if any, required by section 5 (c) (2). On and after January 15, 1945, it will be a violation of this regulation for you to make a sale or delivery of gum rosin other than on the Savannah, Georgia, cotton and Naval stores exchange, unless you have filed these reports."

5. The introductory paragraph of section 11 (b) (1) is amended to read as follows:

(1) If, during the base period, January 1, 1944, to June 30, 1944, inclusive, you made a sale of the same grade of gum rosin off the Exchange to the same class of purchasers, you find your maximum price by adding to or subtracting from the maximum price per 100 pounds net established in (a) above for sales of the same grade on the Savannah exchange your base period differential. This differential is the most favorable differential from the price for that grade listed on the Savannah Exchange which you received on any sale of the same grade off the Exchange to a purchaser of the same class during the base period.

6. The introductory paragraph of section 11 (b) (2) is amended to read as follows:

(2) If during the base period your only sales of the same grade of rosin off the exchange were made to a different class of purchasers, you find your maximum price by first determining your maximum price according to (1) above for sales to the different class of purchasers, and then adding to or subtracting from that maximum price your customary differential between the two classes of purchasers.

7. The introductory paragraph of section 11 (b) (3) is amended to read as follows:

(3) If during the base period you did not make a sale of the same grade of

rosin off the exchange you find your maximum price by first determining your maximum price according to (1) and (2) above for sales to the same class of purchasers of the most nearly similar grade of which you made a sale during the base period off the exchange and adding to or subtracting from this maximum price the differential between the Savannah exchange maximum prices for these grades in paragraph (a) above.

This amendment shall become effective December 5, 1944.

It appearing to the Commission that:

(a) Allegany Gas Company has on file with the Commission the rate schedules hereinafter enumerated with supplements thereto providing for the sale of natural gas by Allegany Gas Company to the respective companies indicated for resale for ultimate public consumption for domestic, commercial, industrial or other use:

(c) By letter of October 20, 1944, the Public Service Commission of the State

(C) During the period of such suspension the rates of Allegany Gas Company contained in the following rate schedules as supplemented shall remain in full force and effect except insofar as such schedules as supplemented may be for the sale of natural gas for resale for industrial use only:

Rate Schedule	Supplements	Vendee
FPC No. 3....	1 and 6	Crystal City Gas Co.
FPC No. 4....	1 and 4	Addison Gas & Power Co.
FPC No. 7....	1 and 4	Southport Gas Co.

OFFICE OF PRICE ADMINISTRATION.

[2d Rev. RO 3, Administrative Exception Order 3]

Berea College Industries ORDER GRANTING EXCEPTION TO SUGAR RATIONING REGULATIONS

Since before April 20, 1942, the Berea College industries, Berea, Kentucky, has had 7,008 pounds of decorated tea sugars. The sugars were decorated by the students of the college who in return for their labor received their tuition. The Berea College industries has since the effective date of sugar rationing attempted to sell these decorated sugars; but has been unsuccessful since consum-

ers have not been prepared to give up evidences for this sugar. The sugar is now beginning to deteriorate since the dye stuff used in the decoration is seeping into the sugar and discoloring it. Unless the Berea College industries can now dispose of such decorated sugars to consumers, it will suffer considerable financial loss. It has, therefore, applied to the Office of Price Administration for an administrative exception order which would permit it to sell the decorated sugars without obtaining ration evidences in the same way that it sold the sugars before sugar was rationed.

The granting of the request in this and all similar cases will not defeat or impair the effectiveness or the policy of the Second Revised Ration Order 3 since this administrative exception order covers only decorated sugars produced prior to April 20, 1942.

It is hereby ordered, The Berea College industries may sell the 7,008 pounds of decorated sugars referred to above without getting ration evidences.

It is further ordered, That the persons to whom the decorated sugars are sold may get such sugar without giving up ration evidences.

This order shall become effective December 5, 1944.

Issued this 5th day of December 1944.

Notice of determination of War Shipping Administrator pursuant to section 3 (b) of the act approved March 24, 1943 (Public Law 17-78th Congress).

Whereas on September 5, 1942 title to the vessel "Aeolus (226849)" (including all spare parts, appurtenances and equipment) was requisitioned pursuant to section 902 of the Merchant Marine Act, 1936, as amended; and

Whereas section 3 (b) of the act approved March 24, 1943, (Public Law 17-78th Congress), provides in part as follows:
